**Not Met**

7325-G: All play equipment and equipment necessary for the operation of the center shall be maintained in good repair.

#### **Finding:**

7325-G Based on observations: The provider did not maintain equipment necessary for the operation of the center in good repair as evidence by: the bucket seats observed during the 8/13/12 visit that lacked the required straps to secure children in the seats were observed on 11/27/12 to have leather belt straps to secure the children instead of the straps provided by the seat manufacture. S1 stated the manufacture straps will be ordered and the children will use tables and chairs that sit on the floor until the straps arrive.
