

Statement of Deficiencies

1723-A.&B.: CPR Certification

Not Met

1723-A.&B.: Infant and child CPR

Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.

Adult CPR

Centers shall have at least one staff member on the premises and accessible to children trained in Adult CPR if there is a child eight years or older on the premises.

Finding:

1723-A&B: Based on record review: The center did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR. 0 of 12 staff had documentation of this certification. The center has a class scheduled for December 7th for all staff. The original class scheduled on November 14th was canceled by the instructor.

1723-C.-D.: Pediatric First Aid

Not Met

1723-C.-D.: C. Pediatric First Aid - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.

D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

Finding:

1723-C.-D. Based on record review: After July 1, 2016 - The center did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid. 0 of 12 staff had documentation of this certification. The center has a class scheduled for December 7th for all staff. The original class scheduled on November 14th was canceled by the instructor.

1725-A.-E.: Medication Management Training

Not Met

1725-A.-E.: A. All staff members who administer medication shall have medication administration training.

B. Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration.

C. Such training shall be completed every two years with an approved Child Care Health Consultant.

D. A licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

Finding:

1725-A.-E. Based on record review/interview: After July 1, 2016, the center did not have at least two staff members trained in medication administration whether the early learning center administers medication or not.
