Not Met

H. Moveable equipment shall be secured and supported so that it shall not fall or tip over.

Finding:

1901-G.-H. Based on observations:

All of the center equipment used by children was not maintained in a clean and safe condition and in good repair as evidenced by specialist observed in the play yard located on the left side of the building: a broken swing set and that a section of the wood play yard fencing has boards that are attached across the fence panel due to one board being missing and another board being damaged and needs to be replaced. S1 stated that a repair order has been put in place by the center's owner. S1 stated that the children are not allowed to play in the sectioned off play yard until the fence is repaired and broken swings are repaired. All children play in the center's two other play yards. S1 stated that someone has been to the center to survey the play yard, but no repairs have been made.
