Not Met

1711-H: Rest Time - Minimum Child to Staff Ratios

1. Sufficient staffing needed to satisfy child to staff ratios shall be present on the premises during rest time and available to assist as needed.
2. Children ages one and older may be grouped together at rest time with one staff member in each room supervising the resting children. If two rooms share a common doorway, one staff member may supervise the resting children in both rooms.
3. If the view of the staff supervising the children is obstructed by an object such as a low shelving unit, children shall be checked by sight by staff circulating among the resting children.

Finding:

1711-H Based on observations:

The provider did not have the required staffing present on the premises during rest time to satisfy child/staff ratio as evidenced by 84 children age infant (10 infants with 1 staff member) to five years present with 9 staff. S7, S8, and S9 arrived at the center at 2:00pm and the rest time ratio was corrected.
