

Statement of Deficiencies

1725.A.-C.: Medication Management Training

Not Met

1725.A.-C.: A. All staff members who administer medication shall have medication administration training.

B. Whether the center is administering medication or not, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises. A staff member who is a licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

C. Such training shall be completed every two years with an approved child care health consultant.

Finding:

1725.A.-C. Based on record review: There was no documentation that at least two staff members are trained in medication administration whether the early learning center administers medication or not. Previous medication administration training certificates expired on 8/24/2019.

Corrective Action: S1 called medication training administration trainer during licensing visit and is awaiting a returned telephone call so that training can be scheduled.
