

Statement of Deficiencies

2103.B.&C.: Staff Person Present

Not Met

2103.B.&C.:

B. A staff person shall be present when a child is delivered to the center.

C. When children are picked up or dropped off at the center by a public or private school bus, staff shall be present to safely escort children to and from the bus.

Finding:

2103.B.&C. Based on observation at 12:00 pm, there failed to be a staff person present when children were dropped off by a public school bus. Specialist observed C1, 6-years-old and C2, 6-years-old attempting to gain entry into the center door which was locked. Licensing Specialist informed S5 two children were outside alone, at which time she stated, they are dropped off at the center daily at 12:00 pm by a bus driver from Linwood Public Charter School. S1 stated there is usually someone present when the children arrive.

Corrective Action Plan: Effective 12/3/2020, S1 stated she will have all staff set a timer for 11:50 am to ensure a staff, who is not actively supervising children, can go to the bus to escort the children from the bus to the center each day. The children will not be allowed to walk from the bus alone.
