

Statement of Deficiencies

7327-L: Clean of Hazards

Not Met

7327-L: The center and yard shall be clean and free from hazards.

Finding:

7327-L Based on observations the center was not free from hazards as specialist observed the following during the full survey:

Findings Include:

-Specialist observed in the children's blue bathroom located on the right hand side of the Pre-K classroom there is blue paint peeling on the left hand side of the wall in the bathroom and within reach of the children.

-In the 2 year old classroom the orange paint is peeling in the upper left hand corner of the room and is within reach of the children in this room. Also, the bottom portion of the half door has peeling paint on the ledge of the door.

The peeling paint could be harmful if ingested by a child.
