1901.J.&K.: Items That Can be Harmful to Children

Not Met

1901.J.&K.: J. Items that can be harmful to children, such as medications, poisons, cleaning supplies and chemicals, and equipment, tools, knives and other potentially dangerous utensils, shall be kept in a locked cabinet or other secure place that ensures they are inaccessible to children.
K. Plastic bags, when not in use, regardless of purpose or use, shall be made inaccessible to children.

Finding:

1901J.&K Based on observations on 12/10/2018, items that can be harmful to children were not kept in a locked cabinet or other secure place that would ensure that the items would be inaccessible to children. Specialist observed 1 container of Great value disinfectant, 1 can of ProLink Disinfectant Spray, and 2 rolls of plastic trash bags in a cabinet located under the sink that had a broken locking mechanism on the left side of the cabinet. The items would have been accessible to a child who opened the cabinet. All items were moved to the right side of the cabinet which had a working locking mechanism.
