1901.J.&K.: Items That Can be Harmful to Children

Not Met

1901.J.&K.: J. Items that can be harmful to children, such as medications, poisons, cleaning supplies and chemicals, and equipment, tools, knives and other potentially dangerous utensils, shall kept in a locked cabinet or other secure place that ensures they are inaccessible to children.

K. Plastic bags, when not in use, regardless of purpose or use, shall be made inaccessible to children.

Finding:

1901. J. Based on observation at 3:30 pm, items that can be harmful to children, such as cleaning supplies (bleach and Betco GE fight Bac RTU) and chemicals (Lysol laundry sanitizer, hand sanitizer, and large bottles of hand soap that were not currently being used in the classrooms or center, also multiple unopened boxes of the same items) were observed in the hallway located in front of the restroom.

The items were accessible to the children. During the inspection, S2 started moving the items to ensure they were inaccessible to the children.

Corrective action plan: Effective 12/22/2020, all items that are labeled keep out of reach of children will be stored in the locked storage room outside of the center. All items will be out of the center by the end of the day on 12/22/2020.
