

Statement of Deficiencies

1901-M: Construction Hazards

Not Met

1901-M: Construction, remodeling, and alterations of structures shall be done in such a manner so as to prevent hazards or unsafe conditions, such as fumes, dust and safety hazards.

Finding:

1901-M. Based on observation: Construction, remodeling, or alterations of structures were not done in such a manner as to prevent hazards or unsafe conditions (fumes, dust, safety hazards) as 2x4 and bricks on the play yard.

1903-E.5: Outdoor - Enclosed

Not Met

1903-E.5: Outdoor play space shall be enclosed with a permanent fence or other permanent barrier in a manner that protects children from traffic hazards, prevents children from leaving the premises without proper supervision, and prevents contact with animals or unauthorized persons.

Finding:

1903-E.5: Outdoor play space lacked enclosure with a permanent fence or other permanent barrier in a manner that protects children from traffic hazards, prevents children from leaving the premises without proper supervision, and prevents contact with animals or unauthorized persons. Based on observation the gate leading to the playground was open to the road due to on going construction of the playground. There is a section of the gate missing from the gate to the street. Provider stated that the children have not been out on the playground since construction has taken place.
