

## Statement of Deficiencies

### 1713.A.&B.&C.: Supervision

**Not Met**

1713.A.&B.&C.: A: Children shall be supervised at all times in the center, on the playground, on field trips, on non-vehicular excursions, and during all water activities and water play activities.

B: Children shall not be left alone in any room, (except the restroom as indicated in Subsection G of this Section or when being provided services by therapeutic professionals, as defined in §103), outdoors, or in vehicles, even momentarily, without staff present.

C: A staff person shall be assigned to supervise specific children whose names and whereabouts that staff person shall know and with whom the staff person shall be physically present. Staff shall be able to state how many children are in their care at all times.

#### Finding:

1713. A.&B.&C.: Based on observations, children were not under supervision at all times as evidenced by: upon Specialist's arrival to the center at 1:00pm, there were no staff present in the front room of the center to provide supervision of six 2-3 year old children while they slept. After Specialist inquired about who was responsible for supervising the children, S2 came out of the infant room to supervise the children.

Corrective Action Plan: S1 stated that she would ensure that all children remained under supervision at all times, and during naptime she would instruct staff to stand in the doorway to monitor both rooms to cover for staff who may need to leave the room temporarily.
